The map displays a detailed parcel plan of a portion of Domažlice. Green shaded regions indicate public spaces subject to fees, including parks, sports fields, and pedestrian zones. Red lines with dots represent the internal MPR protection zone (Regime A), while blue lines with dots represent the external MPR protection zone (Regime B). These zones are primarily located along the town's main thoroughfares and around key public facilities. The background consists of a dense network of white lines representing individual land parcels.
